Marvelous March

This wheel is a syndicate of the best design elements from our top selling wheels. It's a gathering of what works well in a wheel design, simply put. Born from the Contour Collection meaty aluminum forged blank, the Syndicate has the famous five spoke design with exaggerated contour lines that transition smoothly from the hub to the edge of the rim with sunlight-catching accent grooves. Now that was a mouthful! This wheel has it all.

Featuring the new Seductive Syndicate!

Ambitious April

Introducing new custom billet accessories for one of the most visible areas of your Touring motorcycle - the top of the tank. Sold individually or as a family design group, we are offering replacements for your Ignition Switch, Fuel Door and Dash Insert with five designs from our existing design family of parts - the Apex, Grill, Merc, Scallop and the all new Drive design family of parts. Bolting all new Drive design family of parts. Bolting these parts to your bike has got to be one of the most impactful ways to customize your machine without breaking your bank.

Featuring the new Tank Accessories!

2014

PM Vision Series Mirrors are designed to provide ample visibility side to side and behind where our own peripheral vision calls it quits. The Vision Series line offers an eye-ful with five unique mirror heads and smart ambidextrous stems to suit your taste and riding style. Fully adjustable and vibration tested so you never lose sight. These mirrors will mount to PM Hand Controls as well as stock and most aftermarket controls. Looking back has never looked so good.

Featuring PM's Good Looking Mirrors!

Ride in Style!
2014

After over 40 years of bolting PM calipers to stock front fork legs we've developed a superior set of lower legs to compliment our wheels and braking systems. Artfully sculpted from heat treated billet aluminum, machined PM icon logo with a pin-stripe detail that extends the length of the forks, and a hidden axle design all add up to the perfect set of legs. Combine with PM slider covers for a complete custom front end.

2014

Our wheel design portfolio is considered the most intelligent and creative offering in the aftermarket industry today. However, PM's product development innovation never rests, and always thinks outside the round wheel. What we're talking about here are ways to go beyond the traditional custom wheel finish, and enter into a world of texture and color possibilities, packaged as the PM Custom Finish Shop. Go to our website to see your favorite wheel design shine in different ways.

2014

As designers of ground-up, unique parts for motorcycles - we grab artistic inspiration from all sorts of era styles, architecture, industrial aesthetics and philosophies, the vastness of South Dakota, traditional and modern art, you get the picture. We have established design families within our portfolio of parts and each one of these reflect some sort of our inspiration pulled from this world. Find your favorite family; Apex, Array, Clean, Crossbar, Drive, Grill, Merc, Scallop, Slash and Tech.

Nifty November

The Contour Collection's unique, high-end line of wheels includes four designs that include the REVEL, VIRTUE, and new for 2014 are the RECON and SYNDICATE designs. Take a good look at the designs and you'll notice there's a whole new dimension in these billet beauties. It starts with a re-engineering of the forged blank by adding material from the hub to the rim-lip area. This provides the means for a deeper machine cut - therefore adding the most custom and inspiring motorcycle wheel design in the world. Wouldn't you agree?!

Fabulous February

At Performance Machine, motorcycle parts are our passion. There is more to each and every part than a design sculpted from aluminum. PM products are pieces of art for your motorcycle that help you create a one-of-a-kind ride. Each PM product becomes a form of self-expression when it's installed on your bike. Whether you are building your dream one piece at a time or all at once, PM products are designed to help you create a cohesive, custom look with timeless beauty that lasts forever so you will never be out of style. Opportunity is knocking!
